

## North Carolina GI Opportunity: Posting for NCSG

This is a fantastic opportunity to join an established practice in eastern North Carolina as a full-time physician or for locum tenens work while they recruit. Here are some additional details.

- The need is open due to one physician wanting to decrease his workload
- You will have an existing patient base and workload immediately!
- No hospital work! All work is done at the clinic and the on-site endoscopy center
- Standard procedures with no ERCP's
- Additional staff includes 2.5 physicians, 1 nurse practitioner and techs
- Center includes 3 procedure rooms, 6 admit rooms and 4 discharge rooms
- This position is available immediately for locums or permanent placement
- Active North Carolina license required and in good standing for locums providers
- Direct hire candidates must be able to obtain North Carolina license without restrictions if not already licensed

Working as a locums provider thru US Locums you will also receive:

- Weekly pay via direct deposit
- Pre-paid travel and housing if needed
- A+ rated malpractice insurance

To be considered for this opportunity on a locum tenens or permanent placement basis please contact:
